

2nd Annual Operation Stand Down Car Show

Music City Camaro Club is hosting a car show open to all makes and models to benefit Operation Stand Down Tennessee. As Tennessee's only recognized Veterans Service Center they work to engage, equip and empower Veterans transitioning from successful military service to civilian life. The organization helps Veterans who have just out-processed, as well as those who completed their service years ago.

Originally focusing on assisting homeless Veterans and homelessness prevention, OSDTN's services have grown to include: Veterans benefits education & access, job readiness & placement, financial counseling, legal assistance, housing, family support, basic needs and service referrals. OSDTN also operates 12th Ave Thrift, a discount store employing Veterans.

Join us today! With your support, Veterans will have access to much-needed services and programs that they deserve – and have earned – by serving our country
